EVOLVE EXCLUSIVE S10

Highly Effective... Yet Discreet Protection

The EVOLVE EXCLUSIVE S10 is part of Checkpoint Systems' EVOLVE EXCLUSIVE range which combines maximum detection and reliability with aesthetically pleasing design built to withstand the toughest environments.

The EVOLVE EXCLUSIVE S10 is a high-performance EAS antenna that blends seamlessly into your store's facade, offering discreet yet highly effective protection against theft. The S10 also benefits from full system connectivity for remote servicing and unified management reporting.
